## Help paying your bill

We can support in lots of ways

[yorkshirewater.com](http://yorkshirewater.com)

## How we can help

We don't want anyone to worry about paying their water bill. Take a look at all the free ways we could help you save.

### Do you have a water meter?

Being on a meter could make a huge difference to your bill, depending on the type of house you live in, because you only pay for what you use rather than a set price.

If you don't already have a meter, get in touch to see if we can fit one free of charge and start saving you money.

### Our payment plans

We can set up a payment plan to help you pay in instalments. You can choose an arrangement that works best for you.

## Our support schemes

Why not apply for one or more of our schemes below? It could help to reduce the amount you pay for your water bill.

### WaterSure

You can apply if:

- You have a water meter or would be happy to have one fitted.
- You claim an income-based benefit, (for example Universal Credit), and
- You need to use extra water (due to a medical condition or you have three or more children).

#### How it can help you:

Your bill will be capped at the average water bill amount, so if you use more than this, you won't need to worry.

### WaterSupport

- You have a low household income, and
- Your annual water bill is higher than average.

#### How it can help you:

We may be able to reduce the amount you pay in line with our average water bill (if you're not sure, ask us and we'd be happy to check for you).

### Water Direct

You can apply if:

- You're on benefits. Please ask us and we can advise if you qualify.

#### How it can help you:

We can take payments directly from your benefit. This can help you to budget - less hassle, less worry!
